

## EU PROGRAMME ERASMUS+: SUPPORTING PROJECTS AND ACTIVITIES IN THE FIELDS OF EDUCATION, TRAINING, YOUTH AND SPORT (2014-2020)

The **European Union's Erasmus+** is programme to support activities in the fields of **Education, Training, Youth and Sport**. Its budget of €14.7 billion will provide opportunities to study, train, gain experience, and volunteer abroad.

Erasmus+ has opportunities for people of all ages, helping them develop and share knowledge and experience at institutions and organisations in different countries. In addition, Erasmus+ has opportunities for a wide range of organisations, including universities, education and training providers, think-tanks, research organisations, and private businesses.

The **Key Actions** of the Erasmus + Programme are divided into decentralised actions (managed in each Programme Country by National Agencies) and centralised actions (managed at a European level by the Education, Audiovisual and Culture Executive Agency (EACEA) located in Brussel).

The **architecture** of the Programme is the following:

- **KA1:** Learning mobility of individuals
- **KA2:** Cooperation for innovation and good practice
- **KA3:** Support to policy reforms
- **Jean Monnet:** European Studies
- **Sport:** Collaborative Partnership

The International dimension of Erasmus+ opens cooperation between **Programme Countries** (coordinated by National Agencies from 28 EU Member States; Iceland, Liechtenstein and Norway; Turkey and the former Yugoslav Republic of Macedonia) and **Partner Countries** (supported by National Offices from over 150 Countries). It will also support national efforts to modernise Education, Training, and Youth systems. In the field of Sport, there will be support for grassroots projects and cross-border challenges such as combating match-fixing, doping, violence and racism.

**The National Erasmus+ Offices** assist the European Commission, the Education, Audiovisual and Culture Executive Agency (EACEA), the national authorities and higher education institutions in the implementation of the Erasmus+ Programme. Besides the EU Delegation, the NEO is a focal point in the country for all actors, potential applicants, beneficiaries and other stakeholders as regards the EU cooperation activities in (higher) education under the Erasmus+ Programme.

**The mandate of the National Erasmus+ Office in Ukraine** under the Erasmus+ Programme covers all: supporting, promotion, monitoring and dissemination activities related to the Erasmus+ activities in **Higher Education** open to cooperation with partner countries (in Key Actions 1, 2 and 3). **Center for European Initiatives** and **Salto-Youth** are responsible to promote and support Erasmus+ Programme in field of **Youth**.
